

Safety Instrumented Systems (SIS) in China

A Market Overview

Report Summary

Date published: June 2007

Report length: 83 pages

Authors: Ritter Qiu, Boaz Rottenberg, Tommy Tian

This report offers a comprehensive overview of the safety instrumented system (SIS) market in China. Researched on the ground in China through extensive interviews and written from an international perspective, this report identifies the leading suppliers of safety systems in China, their overall market shares, sales figures by system type and by industry. Also included is an overall outlook and forecast of the future development of the SIS market in China.

Key Suppliers Covered

Safety Instrumented Systems in China covers all major SIS suppliers operating in China:

- ABB A/S
- GE Fanuc
- HIMA
- Honeywell SMS
- ICS Triplex
- Invensys-Triconex
- Rockwell Automation
- Siemens
- Yokogawa ISS

Key Applications and Industry Segments Covered

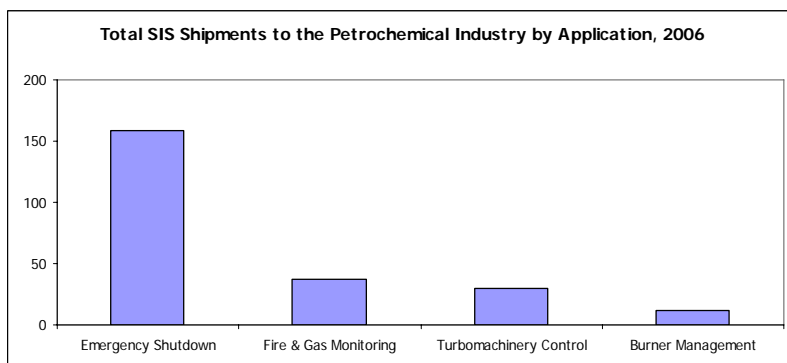

Applications covered in this study: Emergency Shutdown Systems, Turbomachinery Control Systems, Fire & Gas Monitoring Systems, and Burner Management Systems.

Industries covered in this study: Petrochemical, Refining, Oil & Gas, and Power

Key Data provided

Safety Instrumented Systems in China provides comprehensive and extensive market data gathered through on-the-ground research and first-hand interviews. The report includes 81 data tables and graphs, below are some highlighted categories:

- Overall market size and supplier market shares
- Market size by offerings: system hardware and software, integration services, and maintenance and after-sale Services
- Safety system (SIS) shipments and market shares broken down by application, by industry, and by supplier
- Five-year forecasts by offerings, applications, and industry
- In-depth end-user analysis covering user habits, safety awareness, and purchasing decision making habits

Order your copy today! To place your order or receive additional information about this report, please contact Boaz Rottenberg at boaz.rottenberg@maverickchina.com or call +86 10 8402 4618.

Table of Contents

1 Executive Summary.....	1
2 Introduction and Definitions.....	2
2.1 Key Industry Segments	2
2.2 System Contents	2
2.3 System Applications	3
2.4 SIL Classification	3
3 Methodology.....	5
3.1 Interview Sampling	5
3.2 The Research Process	6
3.3 Specific Issues for this Study	7
4 Market Overview.....	8
4.1 Industry Structure	9
4.2 Distribution Channels	10
5 Market Size and Market Shares.....	11
5.1 Market Sizes	11
5.1.1 Market Size by Offerings	12
5.1.2 Market Size by Application	13
5.1.3 Market Size by Industry	14
5.1.3.1 Petrochemical	15
5.1.3.2 Refining	16
5.1.3.3 Power	17
5.1.3.4 Oil & Gas	18
5.1.3.5 Other Industries	19
5.2 Market Shares	20
5.2.1 Market Shares by Application	21
5.2.1.1 Emergency Shutdown Systems	21
5.2.1.2 Fire and Gas Control Systems	22
5.2.1.3 Burner Management Control	23
5.2.1.4 Turbomachinery Control	24
5.2.1.5 Others	25
5.2.2 Market Shares by Industry	26
5.2.2.1 Oil & Gas	26
5.2.2.2 Refining	27
5.2.2.3 Petrochemical	28
5.2.2.4 Power	29
5.2.2.5 Other Industries	30

MAVERICK-TRUSTIN Market Reports

6 Market Outlook and Forecast	31
6.1 Key Market Trends	31
6.2 Market Outlook	33
6.2.1 Oil and Gas	35
6.2.2 Refining	36
6.2.3 Petrochemical	37
6.2.4 Power	38
6.3 Market Forecasts	39
6.3.1 Total Shipments	39
6.3.2 Total Shipments by Offerings	40
6.3.3 Total Shipments by Application	41
6.3.3.1 Emergency Shutdown	42
6.3.3.2 Turbomachinery Control	42
6.3.3.3 Fire & Gas Monitoring	43
6.3.3.4 Burner Management	43
6.3.3.5 Other Systems	44
6.3.4 Total Shipments by Industry	45
6.3.4.1 Petrochemical	46
6.3.4.2 Refining	46
6.3.4.3 Power	47
6.3.4.4 Oil & Gas	47
6.3.4.5 Other Industries	48
7 End-user Analysis	49
7.1 Safety System using habits	49
7.1.1 Number of previously installed Safety Instrumented Systems	49
7.1.2 Previously installed Safety Instrumented Systems by supplier	50
7.1.3 Current Size of SIS installed	51
7.1.4 Age of systems installed	52
7.1.5 Price of SIS installed	52
7.2 Hazard and Risk Analysis	53
7.2.1 Frequency of Implementation of Hazard and Risk Analysis	53
7.2.2 Use of External Organizations for Hazard and Risk Analysis	54
7.2.3 Hazard and Risk Analysis Techniques	55
7.2.4 SIL Compliance Testing	56
7.2.5 SIS Government Auditing	57
7.3 Purchase of SIS	58
7.3.1 Investment Justifications and Selection Criteria	58
7.3.2 SIS purchase decisions	59
7.3.3 Purchasing habits	60
7.3.4 Shipments of Safety Systems by Distribution Channel	61
7.3.5 System Selection	62
7.3.6 Safety Standards and Certification	63

MAVERICK-TRUSTIN Market Reports

7.4 Services	64
7.4.1 Installation and Maintenance	64
7.4.2 System guarantee	65
7.4.3 After-sale Service	66
8 Supplier Snapshots	67
8.1 ABB A/S	67
8.2 GE Fanuc Automation	68
8.3 HIMA Paul Hildebrandt	70
8.4 Honeywell Safety Management Systems	72
8.5 ICS Triplex	74
8.6 Invensys-Triconex	76
8.7 Rockwell Automation	78
8.8 Siemens	80
8.9 Yokogawa	82
